Are you setting up this meeting? Or am I?

Will do but I would not recommend you meet with the three warring factions yet. Let staff meet individually (which is what we are doing currently) and get the lay of the land with each party prior to bringing them together. This also gives staff the most flexibility. I met with Richard last week and I think he sees light at the end of the tunnel. Will ask Mary Ellen to set up a briefing at a mutually convenient time

Thank you for the update. I am a little frustrated in getting this after it appears there have been several meetings with stakeholders. I was not made aware of any of these meetings. As the Grasslands is in my ward I would like to have had the opportunity to attend these meetings. I am sure that I will be receiving questions and/or concerns from interested neighbors and I will be uninformed.

I would like to have a member of staff personally meet with me to show me what has been discussed and what options they are looking at. In the future I would also like to be informed of any changes or issues that arise.

Thanks  
Laura
